

BICYCLES FOR BUSINESS

Ten years ago we were selling bicycles here at \$100 and \$125 each. They were then used for pleasure or pastime. We still sell some for those purposes, but most are sold for business purposes. With this knowledge before us we have cut out all unnecessary "fancy business" and sell simply first-class, good, serviceable, fully guaranteed wheels, and the prices are within the reach of all—\$25 for the Admiral and \$35 for the World. We have handled the Admiral since 1897, when it sold for \$75, and it is better new than ever before. The World is strictly high grade, and, we believe, is not surpassed by any bicycle made, even though it cost twice as much. Call and look them over, and see what you think about it.

A LENGTHENING LIST

Encouragement Given to New Base-
ball Association.

The soliciting committee of the Phoenix baseball association devoted about an hour yesterday to the securing of additional members and subscribers. The result was very satisfactory for the small amount of time devoted. The following names were added to the list published in yesterday's issue: J. M. Aiken, Pinney & Robinson, D. G. Beale, Mohn & Dorris, J. C. Adams, C. A. Larsen, P. S. Wharton, Frank Conley, L. T. Baswitz, B. M. Goldwater, Phoenix Day & Grain Co., Clark-Pratt Vehicle Co., J. M. Grigsby, Sam Seip, W. S. Hefflin, D. H. Burtis.

With a few more hours work this list should be lengthened materially and insure sufficient resources to maintain as good a team as can be found anywhere outside of a league, and not all the league teams stand at the top. The events of the last few days to say the least have put new ginger into the fans and it will only be a short time until there will be something doing in baseball that the public generally will want to see.

THE MATINEE RACES

Will Begin Promptly at One o'Clock
This Afternoon.

All arrangements are complete for the matinee races today and it is the opinion of the Driving Club management that the day's sport will be as good as any racing matinee yet held if not better. The indications are for a very large attendance and the programme prepared is a very interesting one. It is proposed to start the races promptly at 1 o'clock and the public is warned not to be late if it desires to see all the fun. There is no admission charge and the whole world is invited.

The judges will be Mayor Walter Bennett and Mr. L. T. Stoddard, with Vernon L. Clark as starting judge. The timers will be W. W. Cook and William Mayers and T. F. Samples. J. J. Blunkorn will be superintendent of the track and Charles McCoy marshal.

Among the events the programme of which has been previously published, will be a novel running race in which there are three entries, each horse to be ridden by a young lady, the Misses Elder and Miss Yetter. This race will no doubt attract a great deal of attention for the horses are all capable of making good time and the young women are fully capable of riding as fast as any horse can travel.

THE ARREST OF VALENTINE

The Iron Molders' President Rather
Expected It.

Cleveland, O., Nov. 23.—Jos. F. Valentine, president of the Iron Molders' Union of North America, was placed under arrest here today by the Cleveland police officials upon a telegraphic request from the Cincinnati police.

Valentine's arrest is made in connection with alleged violence by members of the organization of which he is the head, in Cincinnati, where the strike is on. Valentine was not locked up but was detained in the central police station. Valentine was permitted to address a local union of iron molders tonight in accordance with an engagement he had made several weeks ago.

EVIDENCE AGAINST VALENTINE. Cincinnati, Nov. 23.—All interest is centered today in the charges against Joseph F. Valentine, president of the Iron Molders' Union of North America, and other union men accused of being in a plot to kill and destroy. Detectives claim to have evidence that the defendants are abetting violence, aside from the confessions made. Fred Hanhauser, the apprentice, today repeated his confession, telling of the dynamite plot in Valentine's office.

CLEANED OUT THE CAR

Young Negro Thief Left Pullman Pas-
sengers Half Naked.

St. Louis, Nov. 23.—John Henry Doyle, a 22 year old negro, supposed to be from Wichita, Kas., is in the Clayton, St. Louis county, jail, charged with robbing a dozen passengers, taking their clothes, grips and overcoats from a sleeping car attached to the St. Louis and San Francisco train No. 12, from Kansas and Texas, which arrived at the Union station today. It is supposed there were two engaged in the robbery, but Doyle says he did the work unassisted.

When the train arrived at the Union station, two hours late, there were men without overcoats, coats and even shirts. Two women were without shoes. Grips that contained money and wearing apparel and necessary articles for the toilet, clean linen, etc., were missing. Meanwhile, the local agents at the St. Louis Union station supplied the necessary articles of wearing apparel for the comfort of the passengers, who had been robbed.

Doyle was arrested some time later staggering under his load of booty.

PARRICIDE MUST ANSWER

Young Weber Is Held to the Superior
Court.

Auburn, Calif., Nov. 23.—Adolph Weber must now answer to the superior court for the murder of his mother, Mrs. Mary Weber. Justice E. O. Smith today signed a warrant remanding the youthful defendant to the custody of the sheriff and holding him for trial before the superior court. In signing the warrant Justice Smith did not mention the matter of bail, as he says it is out of his jurisdiction.

Attorney Tabor will commence proceedings very shortly to secure his client's release on the ground that the evidence upon which he is held was immaterial and irrelevant.

CONSTIPATION. Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsey, P. SITUATION IN COLORADO

The Latest Phase of the Denver
Election Cases.

Denver, Colo., Nov. 23.—The supreme court today ordered the Denver election commission not to certify the returns of this county to the state canvassing board until further orders. This is to give opportunity for argument in the supreme court on the matter of throwing out certain democratic precincts in which the republicans allege fraud.

Chairman Frederick A. Williams, of the republican committee, secured a writ of mandamus from the county court today, instructing the elections commission to permit him to make a copy of the polling books for the purpose of a contest for the county ticket.

Eight additional warrants were issued today by state supreme court for the arrest of special officers on charges of contempt in violating an injunction of the court on election day. Included in this number is Captain John Dooley, of the local police force. The supreme court today made a ruling against the local, district and county courts, taking any further action in the Denver election cases.

The order was the outgrowth of a mandamus issued by County Judge Lindsey today, which was set aside by the supreme court. The latter court holds that it alone has jurisdiction in the cases pending.

ROCK BLAST CAUSES PANIC.

Houses Wrecked, One Woman Hurt and
Many Narrow Escapes.

New York, Nov. 23.—Persons living just west of Ninth avenue in west Thirty-second street were thrown into a panic yesterday morning by the roar and havoc of a blast that apparently was heavy enough to have ripped out the side of a mountain. It was in the Pennsylvania railway ditch later on to be the Manhattan end of the North river tunnel.

All day yesterday it was a matter of wonder to the hundreds of people who went to see wreck that there was not a long list of killed and wounded. As it

was only one person was hurt—Mrs. Bridget Markey, who kept a candy store on the ground floor of the tenement house at No. 421 west Thirty-second street. A rock weighing over 10 pounds smashed through her show window, and she was cut by the flying glass.

Charles L. Edwards, the foreman in charge of the blasting could give no explanation of the disastrous effects of the explosion, and was not arrested. The buildings injured belong to the Pennsylvania Railroad Co.
